Tips for Key Dates Calendar Submissions:

- The Key Dates Calendar must be adhered to by every centre, annually. If dates are missed without sufficient reasoning, an investigation may be conducted into the centre.
- The Key Dates Calendar may include new tasks annually, based on Ofqual direction or a change to process. Please make sure to read the most up to date version carefully. Do not make assumptions based on previous year's key dates.
- Please use the headings indicated for each task when uploading documents. If the incorrect heading is used, the document may be missed and your centre may risk being noted as non-compliant with the Key Dates Calendar.
- At the start of the year, we recommend discussing with your team who is responsible for each of the Key Dates. It is very easy to assume somebody else has completed a task, especially when everyone is busy. This is particularly important where more than one qualification suite is delivered within a centre.

The boxes are colour coded so you can see RSL activities and Centre activities. RSL is in green, the centre in yellow.
