FOREWORD

Rockschool’s Guitar Syllabus 2018 has been designed to build upon the ever-popular 2012 qualification, expanding upon the original compositions with arrangements of six new ‘hit tunes’ at each grade. This has resulted in an even broader scope for learners at all levels to engage with repertoire which has been rigorously benchmarked against academic and industry standards. Furthermore, students can gauge their progress via commensurate levels of technical exercises, prepared and unseen skills tests and questions relating to their studies at each grade.

This specification guide serves three purposes:
- To provide regulatory information surrounding the qualification
- To provide an overview of examination structure and content
- To provide content and assessment specification relevant to each graded examination

Rockschool’s graded exams continue to provide a progressive mastery approach to music and an enjoyable experience for all learners.
INTRODUCTION

Welcome to the Rockschool 2018–2024 syllabus for Guitar. This syllabus guide is designed to give teachers, learners and candidates practical information on the graded examinations run by Rockschool.

The Rockschool website www.rslawards.com has detailed information on all aspects of our examinations, including examination regulations, detailed marking schemes and assessment criteria as well as notated and audio examples to help prepare for the examination.

This Syllabus Guide covers the following examinations:
- Graded Examinations Debut – Grade 8
- Performance Certificates Debut – Grade 8

The Value Of RSL Qualifications

RSL advocates an open access approach to qualifications, providing a range of syllabi, designed to accommodate a wide variety of candidates of different ages, experience and levels of achievement. RSL qualifications are regulated in England and Northern Ireland by the Office of Qualifications and Examinations Regulation (Ofqual), in Wales by Qualifications Wales and accredited in Scotland by the Scottish Qualifications Authority. RSL is committed to maintaining and improving its reputation for excellence by providing high quality education and training through its syllabi, examinations, music and resources.

RSL & UCAS

For students applying for work or University, many potential employers see graded music exams in a very positive way. Recognised qualifications demonstrate an ability to dedicate commitment to extra-curricular activities, providing evidence of versatility which many students find beneficial within UCAS (Universities & Colleges Admissions Service) applications and for University entrance interviews.

Our qualifications at Level 3 (Grades 6–8) carry allocated points on the UCAS tariff. For full details relating to the allocation of UCAS points please see: www.rslawards.com/about-us/ucas-points

QUALIFICATION SUMMARY

Aims & Broad Objectives
The aim of popular music performance qualifications is to provide a flexible, progressive mastery approach to the knowledge, skills and understanding required for popular music performance.

RSL’s graded qualifications motivate and encourage candidates of all ages and levels through a system of progressive mastery, enabling candidates to develop and enhance skills, knowledge and understanding in a safe and consistent way. The qualifications are beneficial for candidates wishing to progress at their own pace through smaller steps of achievement.

These qualifications are suitable for candidates in the Under 16, 16+, 16–18, 19+ age groups.

Progression
Graded qualifications provide a flexible progression route for candidates. They are a positive means of determining progress and enable candidates to learn the necessary techniques to gain entry to FE and HE courses. Graded qualifications operate according to a well-established methodology of ‘progressive mastery’. They allow candidates to be tested in discrete stages in the development of a wide range of skills. They tend to be more rigorous than other types of exams and for that reason industry is confident that achievement at the highest level gained by candidates of graded qualifications will have the skills necessary to work in other areas of the business.

Qualification Structure
A graded qualification consists of a range of both practical and knowledge-based elements which are based on detailed requirements outlined in the relevant syllabus. Therefore, requirements for each grade will be set out in detail in the Unit Specifications below (page 17 and onwards) and the learning outcomes and assessment criteria for each unit will require knowledge, skills and understanding of these syllabus requirements to be demonstrated at the grade entered.

Entry Requirements
There are no entry requirements for these qualifications. However, candidates should be aware that the content at the higher grades will require a level of knowledge and understanding covered in previous qualifications.

For further details on exam dates and fees and to apply to enter an examination, please visit the RSL website at www.rslawards.com

Examination Structure
The examination structure for the grade examinations is shown below:

1. Pieces or technical exercises
2. Technical exercises or pieces
3. Sight Reading or Improvisation & Interpretation (Debut – Grade 5); Quick Study Piece (Grades 6–8)
4. Ear Tests
5. General Musicianship Questions

General Notes
At the beginning of a Grade Examination, the Examiner will ask the candidate if they wish to begin with Performance Pieces or Technical Exercises. In a Performance Certificate, candidates may present their Performance Pieces in any order of their choice.

Prior to the start of the Performance Pieces, the Examiner will conduct a sound check by asking the candidate to play the first few bars of the first chosen piece. This will set the levels for the exam and will take place alongside the backing track. Once the level has been established, the Examiner will then commence with the first piece in full. Note: the sound check is undertaken for the first Performance Piece only.

Candidates may perform any or all of their pieces from memory. This is not compulsory at any level and no additional marks are given for this. With the exception of certain Technical Exercises where memory requirements apply, it is permitted to use grade books which contain notes made during the course of a candidate’s study.

Note: It is not permitted to make any notes at any time during the exam.

For General Musicianship Questions, the Examiner may use his or her version of the selected piece as the basis to ask the questions if such notes contained on the candidate’s version are deemed sufficiently extensive or might assist the candidate when answering the questions.

The Examiner will not facilitate page turning for candidates. Candidates are allowed to photocopy relevant sheet music as necessary to alleviate page turns but all copied materials must be handed into the Examiner at the end of the examination. All tempo markings are to be observed unless otherwise stated. Each piece is designed carefully to achieve a number of outcomes appropriate for the grade.

Expectations of Knowledge, Skills and Understanding
The graded examination system is one based on the principle of ‘progressive mastery’: each step in the exam chain demonstrates learning, progression and skills in incremental steps. Successful learning is characterised by a mastery of the fundamentals of the skills demanded in each grade.

Learners will be able to complete a set of practical tasks and be tested on their underpinning knowledge (the complexity and variety of tasks are determined by which qualification is being attempted). This allows them to demonstrate popular music performance knowledge, skills and understanding relevant to the grade. These technical skills set a firm platform for further technical and creative development by the learner.

Quality Assurance
All RSL examinations and graded qualifications are standardised according to the processes and procedures laid down by RSL.
**CANDIDATE ACCESS AND REGISTRATION**

**Access and Registration**

The qualifications will:
- be available to everyone who is capable of reaching the required standards
- be free from any barriers that restrict access and progression
- offer equal opportunities for all wishing to access the qualifications

At the point of application, RSL will ensure that all candidates are fully informed about the requirements and demands of the qualification.

Candidates may enter online for any of the qualifications at various points in the calendar year in territories throughout the world. Dates will be published on the website at [www.rslawards.com](http://www.rslawards.com)

**Recommended Prior Learning**

Learners are not required to have any prior learning for these qualifications. However, learners should ensure that they are aware of the requirements and expectations of each grade prior to entering for an assessment.
Guidance on Free Choice Pieces

For all examinations, candidates are able to play a number of free choice pieces:

- **Grade Examinations:** Two free choice pieces (a minimum of one piece must be from the Guitar grade book)
- **Performance Certificates:** Three free choice pieces (a minimum of two pieces must be from the Guitar grade book).

Please note: free choice pieces are not available for the Premiere exam.

Free choice pieces must demonstrate a comparable level of technical and musical demand to the pieces given in the set selections in the grade books which can be referred to as an indication of appropriate level.

Free choice pieces must be in a modern popular genre such as:
- Pop
- Rock
- Jazz
- Country
- Blues
- Soul
- Reggae
- Film and Musical Theatre

Own compositions are also acceptable. Pieces should be selected carefully to ensure that they provide suitable opportunity for candidates to demonstrate the relevant assessment criteria. Candidates are reminded that if a chosen Free Choice Piece does not meet these requirements this may impact on the level of achievement possible within the examination.

All pieces must be performed to a backing track (without the examined part on the track) except in cases where a piece has been selected from previous Rockschool syllabi and does not have a backing track or has been specifically arranged by Rockschool as a solo piece.

Adaptation and Personalisation of Pieces

Candidates should perform pieces as notated, except where they choose to embellish or rework any sections (NB. this does not apply to technical exercises or unseen tests which must be performed exactly as written). In these instances, as well as where there are performance indications to *ad lib*, *improvise*, *develop*, etc., candidates will be marked on their ability to present the personalised material in a stylistically appropriate way, commensurate with the grade level. All performances will be expected to have a clear basis in the notated material.

Complaints & Appeals

All procedural complaints and appeals, including malpractice and requests for reasonable adjustments/special considerations, can be found on the RSL website [www.rslawards.com](http://www.rslawards.com).

PREMIERE

The Premiere Guitar exam is available as a Performance Certificate only. Premiere exams are assessed in the same way as other Rockschool Performance Certificates. Please refer to the marking schemes within the preface section, and the Grading Criteria & Definitions section of this guide for further details.
PREMIERE (PERFORMANCE CERTIFICATE)

PERFORMANCE PIECES
There is a choice of six pieces in the Let’s Rock Guitar book, with an additional three ensemble pieces. Candidates should choose five out of these nine pieces to play in the examination.

Candidates are NOT permitted to submit Free Choice Pieces for the Entry Level 2 (Premiere) exam.

SETTING THE LEVEL OF THE BACKING TRACK
Before playing the first piece all the way through the examiner will make sure the volume of the backing track is correct by asking the candidate to play along to the backing track for the first few bars. Once the correct level has been agreed the examiner will begin again and conduct all five pieces. Note that this is only done for the first piece.
DEBUT

The Debut Guitar exam is for candidates who have been learning a short time and have learnt the basic skills.
DEBUT

GRADE EXAM

PREPARED WORK
Candidates are required to play three performance pieces and demonstrate a selection of Technical Exercises.

UNPREPARED WORK
Candidates are required to use their guitar for a simple sight-reading test, which is rhythmic reading and two ear tests that begin to develop melodic recall and rhythmic sense. The final part of the exam is a set of five simple questions based on the candidate’s choice of piece. These are designed to explore simple theory and instrument knowledge.

EXAM STRUCTURE
The Debut exam lasts 15 minutes and will be taken in the following sequence:
1. Pieces or Technical Exercises: The candidate chooses to play either their pieces or their technical exercises first
2. Technical Exercises or Pieces: The candidate will perform the element not chosen above
3. Sight Reading: The candidate is given a simple and previously unseen test to practice and play
4. Ear Tests: The candidate responds to two simple tests. One is melodic and one is rhythmic.
5. General Musicianship Questions: The candidate answers five questions related to a piece of their choice

PIECES
At Debut the pieces last up to a maximum of 1 minute.

SETTING THE LEVEL OF THE BACKING TRACK
Before playing the first piece all the way through, the examiner will make sure the volume of the backing track is correct for the candidate by asking them to play along to the backing track for the first few bars. Once the correct level has been agreed, the examiner will begin again and conduct all three pieces. Note that this is only done for the first piece.

TECHNICAL WORK
At Debut there are three groups of technical work. The examiner will ask for a selection from each group, and before starting this section candidates will be asked whether they would like to play the exercises along with the click or hear a single bar of click before commencing the test.

GROUP A: SCALES
Tempo: 70 bpm
- Major: C
- Minor pentatonic: A, E

GROUP B: CHORDS
Open position chords. Individual chords will be strummed once as directed by the examiner
- Major: A, D, C, G
- Minor: A, E

GROUP C: RIFF
In the exam candidates will be asked to play the riff from the Grade Debut book to a backing track. The riff shown in bar 1 should be played in the same shape in bars 2–4. The root note of the pattern to be played is shown in the music in each of the subsequent three bars.
UNSEEN TESTS

SIGHT READING

Tempo: 70 bpm

At Debut candidates will be offered a previously unseen sight reading test that is in the form of a four-bar rhythm played on the lowest-sounding E string. An example is shown in the Debut grade book.

The test is made up of half and quarter notes, and will be in 4/4. The examiner will allow 90 seconds preparation and practice time and will offer the option of practising with or without a metronome. The candidate will then perform the test for the examination.

EAR TESTS

There are two tests:

- **Melodic Recall**
- **Rhythmic Recall**

**Melodic Recall**

Tempo: 85 bpm

The examiner will play two half notes one after the other. Candidates will tell the examiner whether the second note is higher or lower in pitch than the first note. Candidates will hear the test twice. Each time the test is played it is preceded by a one-bar vocal count-in. Answers can be ‘higher/lower’ or ‘up/down’.

**Rhythmic Recall**

Tempo: 80 bpm

Key: Low E string

The examiner will play a two-bar rhythm played to a drum backing on the lowest-sounding E string. Candidates will hear the test twice, and will then be asked to play the rhythm back. Candidates will then be asked to identify the rhythm from two examples shown. Each time the test is played it is preceded by a one-bar count-in. There will be a short gap to practise. Next candidates will hear a vocal count-in and will then be required to play the rhythm to the drum backing, before identifying the rhythm from the examples shown.

GENERAL MUSICIANSHIP QUESTIONS

In this part of the exam candidates will be asked five questions. Four of these questions will be about general music knowledge and the fifth question will be asked about the candidate’s instrument. For this section of the exam, candidates choose the piece on which to be tested.

**MUSIC KNOWLEDGE:**

In Debut candidates will be asked to identify:

- The music stave and the TAB
- The treble clef
- Half and quarter note values

**INSTRUMENT KNOWLEDGE:**

In Debut candidates will be asked to identify:

- One of the following parts of their guitar: neck, body, tuning-peg or bridge

UNSEEN TESTS

SIGHT READING OR IMPROVISATION & INTERPRETATION

At Grade 4, candidates will be offered a choice between Sight Reading or Improvisation & Interpretation. This is a previously unseen test and an example is shown in the Grade 4 book.

SIGHT READING

Tempo: 80–90 bpm
Key: D or G major, D or A minor

At Grade 4 there is an element of improvisation. This is in the form of a two-bar ending. The piece will be composed in the style of rock, funk or blues and will have chord symbols throughout. At Grade 4 the notation consists of half, quarter eighth notes and quarter and eighth-note rests in 4/4. The test is eight bars long. The examiner will allow 90 seconds preparation and practice time and will offer the option of practising with or without a metronome. Candidates will then perform the test for the examination.

IMPROVISATION & INTERPRETATION

Tempo: 90–100 bpm
Key: D or G major, D or A minor

In Grade 4, the Improvisation & Interpretation test contains a small amount of sight reading. This consists of a two-bar section of rhythm (chord) notation at the beginning of the test. Candidates will be asked to play the chords in the rhythms indicated and complete the test using an improvised line made up of chords and lead lines where indicated. This is played to a backing track of eight bars. Candidates will have 30 seconds preparation time and the examiner will offer the metronome as a guide throughout this time. Candidates will then have a complete practice run through with the backing track and then on the repeat, the test will be examined.

EAR TESTS

There are two tests

- Melodic Recall
- Harmonic Recall

Melodic Recall

Tempo: 90 bpm
Key: C major pentatonic or B minor pentatonic

The examiner will play a two-bar melody with a drum backing. The first note of the melody will be the root note and the first interval will be descending. Candidates will be required to play the melody back on their instrument. The test will be played twice. Each time the test is played it is preceded by a one-bar count-in. There will be a short gap for to practise, followed by a vocal count-in after which candidates will play the melody to the drum backing.

Harmonic Recall

Tempo: 90 bpm
Key: C major

Candidates will hear a tonic chord followed by a two-bar sequence in the key of C major played to a bass and drum backing. The sequence will be drawn from the I, IV and V chords and may occur in any combination. Candidates will be asked to play the chord sequence to the drum backing in the rhythm shown in the example from the Grade book. This rhythm will be used in all examples of this test given in the exam. Candidates will then be asked to identify the sequence they have played to the examiner. The test will be played twice.

Each time the test is played the sequence is: count-in, tonic, count-in, chords. There will be a short gap to practise after second playing. Candidates will then hear the count-in and tonic for the third time followed by a vocal count-in then must play the chords to the drum backing. Candidates should then identify the chords.

Candidates will then have three minutes to study the test. The backing track will be played twice more. Candidates are allowed to practise during the first run through of the backing track, with the notated parts now absent, before playing it to the examiner on the second playing of the backing track. The QSP is in the form of a lead sheet and it is up to candidates to create their own interpretation of the music in the parts marked for improvisation.

EAR TESTS
There are two tests:
- Melodic Recall
- Harmonic Recall

Melodic recall
Tempo: 90 bpm
Key: E major pentatonic or F minor pentatonic or B natural minor
The first note of the melody will be either the root, third or fifth note and the first interval will be either ascending or descending. Candidates will hear the test twice before playing the melody back on their instrument.

Each time the test is played the sequence is: count-in, root note, count-in, melody. There will be a short gap to practise after the second playing of the test. Candidates will hear the count-in and root note for the third time, followed by a vocal count-in, and will then be required to play the melody to the bass and drum backing.

Harmonic recall
Tempo: 90 bpm
Key: E major
The examiner will play you a tonic chord followed by a four-bar chord sequence in the key of E major played to a bass and drum backing. The sequence will be drawn from the I, IIm, IIIm, IV, V and VIm chords and may occur in any combination. The test may also contain Imaj7 and IVmaj7. Candidates will be asked to play the chord sequence to the drum backing in the rhythm shown in the Grade 8 book. This rhythm will be used in all examples of this test given in the exam. Candidates will then be asked to identify the chord sequence they have played to the examiner. The test will be played twice.

Each time the test is played the sequence is: count-in, tonic, count-in, chords. There will be a short gap to practise after the second playing of the test. Candidates will hear the count-in and tonic for the third time, followed by a vocal count-in, then will be required to play the chords to the drum backing.
