PREFACE

INTRODUCTION

This syllabus guide is designed to give teachers, learners and candidates practical information on the graded examinations run by Rockschool. This Syllabus Guide covers graded examinations from Debut to Grade 8.

The Value of RSL Qualifications

RSL advocates an open access approach to qualifications, providing a range of syllabi, designed to accommodate a wide variety of candidates of different ages, experience and levels of achievement. RSL qualifications are regulated in England and Northern Ireland by the Office of Qualifications and Examinations Regulation (Ofqual), in Wales by Qualifications Wales and accredited in Scotland by the Scottish Qualifications Authority. RSL is committed to maintaining and improving its reputation for excellence by providing high quality education and training through its syllabi, examinations, music and resources.

RSL & UCAS

For students applying for work or University, many potential employers see graded music exams in a very positive way. Recognised qualifications demonstrate an ability to dedicate commitment to extra-curricular activities, providing evidence of versatility which many students find beneficial within UCAS (Universities & Colleges Admissions Service) applications and for University entrance interviews.

Our qualifications at Level 3 (Grades 6–8) carry allocated points on the UCAS tariff.

For full details relating to the allocation of UCAS points please see: www.rslawards.com/about-us/ucas-points

Period of Operation

This syllabus specification covers Yamaha Drum Encounter Grade Examinations from September 2019

Assessment Overview

ASSESSMENT	
Form of Assessment	All assessments are carried out by external examiners. Candidates are required to carry out a combination of practical tasks and underpinning theoretical assessment.
Unit Format	Unit specifications contain the title, unit code, credit level, credit value, learning outcomes, assessment criteria, grade descriptor, and types of evidence required for the unit.
Bands of Assessment	There are four bands of assessment (distinction, merit, pass and unclassified) for the qualification as a whole.
Quality Assurance	Quality Assurance ensures that all assessments are carried out to the same standard by objective sampling and re-assessment of candidates' work. A team of external examiners is appointed, trained and standardised by RSL.

QUALIFICATION SUMMARY

Aims & Broad Objectives

The aim of popular music performance qualifications is to provide a flexible, progressive mastery approach to the knowledge, skills and understanding required for popular music performance.

RSL's graded qualifications motivate and encourage candidates of all ages and levels through a system of progressive mastery, enabling candidates to develop and enhance skills, knowledge and understanding in a safe and consistent way. The qualifications are beneficial for candidates wishing to progress at their own pace through smaller steps of achievement.

These qualifications are suitable for candidates in the Under 16, 16+, 16–18, 19+ age groups.

Progression

Graded qualifications provide a flexible progression route for candidates. They are a positive means of determining progress and enable candidates to learn the necessary techniques to gain entry to FE and HE courses. Graded qualifications operate according to a well-established methodology of 'progressive mastery'. They allow candidates to be tested in discrete stages in the development of a wide range of skills. They tend to be more rigorous than other types of exams and for that reason industry is confident that achievement at the highest level gained by candidates of graded qualifications will have the skills necessary to work in other areas of the business.

Qualification Structure

A graded qualification consists of a range of both practical and knowledge-based elements which are based on detailed requirements outlined in the relevant syllabus. Therefore, requirements for each grade will be set out in detail in the Unit Specifications below

(page 18 and onwards) and the learning outcomes and assessment criteria for each unit will require knowledge, skills and understanding of these syllabus requirements to be demonstrated at the grade entered.

Entry Requirements

There are no entry requirements for these qualifications. However, candidates should be aware that the content at the higher grades will require a level of knowledge and understanding covered in previous qualifications.

Examination Structure

The examination structure for the grade examinations is shown below:

1. Pieces or technical exercises
2. Technical exercises or pieces
3. Sight Reading (Debut – Grade 5); Quick Study Piece (Grades 6–8)
4. Ear Tests
5. General Musicianship Questions

General Notes

At the beginning of a Grade Examination, the Examiner will ask the candidate if they wish to begin with Performance Pieces or Technical Exercises.

Prior to the start of the Performance Pieces, the Examiner will conduct a sound check by asking the candidate to play the first few bars of the first chosen piece. This will set the levels for the exam and will take place alongside the backing track. Once the level has been established, the Examiner will then commence with the first piece in full. Note: the sound check is undertaken for the first Performance Piece only.

Candidates may perform any or all of their pieces from memory. This is not compulsory at any level and no additional marks are given for this. With the exception of certain Technical Exercises where memory requirements apply, it is permitted to use books which contain notes made during the course of a candidate's study.

Note: It is not permitted to make any notes at any time during the exam.

For General Musicianship Questions, the Examiner may use his or her version of the selected piece as the basis to ask the questions if such notes contained on the candidate's version are deemed sufficiently extensive or might assist the candidate when answering the questions.

The Examiner will not facilitate page turning for candidates. Candidates are allowed to photocopy relevant sheet music as necessary to alleviate page turns but all copied materials must be handed into the Examiner at the end of the examination. All tempo markings are to be observed unless otherwise stated. Each piece is designed carefully to achieve a number of outcomes appropriate for the grade.

Expectations of Knowledge, Skills and Understanding

The graded examination system is one based on the principle of 'progressive mastery': each step in the exam chain demonstrates learning, progression and skills in incremental steps. Successful learning is characterised by a mastery of the fundamentals of the skills demanded in each grade.

Learners will be able to complete a set of practical tasks and be tested on their underpinning knowledge (the complexity and variety of tasks are determined by which qualification is being attempted). This allows them to demonstrate popular music performance knowledge, skills and understanding relevant to the grade. These technical skills set a firm platform for further technical and creative development by the learner.

Quality Assurance

All RSL examinations and graded qualifications are standardised according to the processes and procedures laid down by RSL.

CANDIDATE ACCESS AND REGISTRATION

Access and Registration

The qualifications will:

- be available to everyone who is capable of reaching the required standards
- be free from any barriers that restrict access and progression
- offer equal opportunities for all wishing to access the qualifications

At the point of application, RSL will ensure that all candidates are fully informed about the requirements and demands of the qualification.

Candidates may enter online for any of the qualifications at various points in the calendar year in territories throughout the world. Dates will be published on the website at www.rslawards.com

FURTHER INFORMATION & CONTACT

Complaints & Appeals

All procedural complaints and appeals, including malpractice and requests for reasonable adjustments/special considerations, can be found on the RSL website www.rslawards.com

Equal Opportunities

CENTRES

All centres should ensure they have an accessible copy of this Handbook during exam sessions.

All performance pieces will be performed to backing tracks unless otherwise stated.

In some cases, there are multiple backing tracks available for each performance. At Grades 6 – 8, teachers should prepare their students to know which one to request from the examiner.

It is advised that Candidates are taught to use the terminology as referred to in this Handbook to avoid confusion or upset in the exam.

All Yamaha centres should have a book of example tests for Candidates to practice from.

EXAMINERS

Examiners should read through all materials carefully before running Yamaha exams as some content differs to RSL graded exams.

Grade 6 – 8 Drum candidates will use photocopies.

Examiner materials are located digitally on the examiner FTP site.

To conduct Yamaha exams, examiners will require hardcopies of the Candidate Books from the Yamaha Syllabus, should you not have these please contact RSL HQ.

Examiners should complete standard Graded Mark Sheets and return as normal to RSL.

All examiners are required to carry this guide with them when scheduled for Yamaha exams.

All materials for examining Yamaha syllabus exams can be found in the 'Yamaha GE/DE syllabus' books.

N.B. All Yamaha exams are Graded Music exams, candidates cannot sit a Yamaha Performance Certificate.

REVISION HISTORY

26th May 2020

Grade units > All Grades:

Knowledge, Skills & Understanding text and grading criteria tables removed: replaced with 'Grading Criteria and Definitions' section in Preface. The replacement tables include streamlined criteria each of which comprises clarified wording in a unified format, along with definitions of terms used. This is to facilitate digital mark sheet assessment whilst maintaining the recognition of knowledge skills and understanding attained at each grade level.
